

CIRCUIT COURT NOTES

In the suit of Jason Killingsworth vs. Jack B. Perry et al, foreclosure of mortgage and to correct mistake, a change of venue to Clay county was granted.

Richard Shanlin changed his plea of not guilty to guilty, to a charge of second degree burglary, and was fined \$50 and sentenced to the Indiana reformatory for two years, and disfranchised for the same period. He was alleged to have entered the Sackett tavern in Cloverdale with burglarious intent.

In the matter of the estate of Mary Porter LeVan, Lafayette LeVan Porter, executor, filed his final report, which was approved and the case stricken from the docket.

Surgeon Leaves  
A Strange Will

DR. A. J. McLEAN OF PORTLAND LEAVES INSTRUCTIONS TO THE PUBLIC

PORTLAND, Ore., Dec. 15.—(UP)—The will of Dr. Arthur J. McLean, brain specialist, filed for probate today bequeathed:

"To 95 per cent of Portland's medical practitioners and their ethics, and the whole local organized medical profession, a lusty, rousing belch.

"To Portland's thieving patients, the haphazard care they will receive for their chiseling tawdriness.

"To my name, oblivion. I specifically forbid its use or association in any prospective fund, memorial, scholarship or trust of any nature.

I desire that Dr. Warren Hunter perform the necropsy; that there be no funeral service of any sort; that the 11th stanza of Swinburne's 'Garden of Prosperine' and the entire 'Thanatopsis' of Bryant be read aloud over my body by a lay person; that my cremated body's ashes be strewn by a paid employee on the waters of the Straits of San Juan de Fuca."

McLean died Dec. 7 in an automobile accident. His will was undated. The estate, exceeding \$100,000 went to his widow. His library was given to the University of Oregon medical school.

Fellow surgeons regarded McLean as the most brilliant neuro surgeon in the northwest and said his reputation was nationwide. He was 44, prematurely aged, and considered eccentric by some.

He lived in an exclusive residential district but dressed plainly, drove an old car, and carried his instruments in an old leather brief case. He was known for his ability to get along on little sleep, and during one series of operations did not close his eyes for two days. Apparently he knew how the public regarded him.

He left a note: "To any person who attempts to break this will, the sum of one dollar."

NEW CITY DEDICATED

LEAVENWORTH, Ind., Dec. 15.—(UP)—They pulled Leavenworth out of the slimy muck of the Ohio river banks and today it was transplanted on a hill high above the menace of future floods.

Two years ago, Leavenworth was a part of the Ohio river. Swollen waters swirled over the rooftops. Today, according to the Red Cross, it is the finest city of its size in Indiana.

Dedication of the new city today was only a ceremony, for the 500 citizens had moved out of their tents and shacks into glistening new homes during the two-year interval.

GERMAN HELD IN LOS ANGELES PENDING DECISION TO REVOKE AMERICAN PAPERS

LOS ANGELES, Dec. 15.—(UP)—Immigration authorities undertook today the unusual procedure of revoking the American citizenship granted Herman Max Schwinn, Hamburg-born west coast leader of the German-American Bund.

United States Attorney Benjamin Harrison said the attempt was based on discrepancies of dates for Schwinn's naturalization, approved here six years ago.

Harrison said only a "go-ahead" from the Attorney General's office in Washington remained before court proceedings are filed citing Schwinn to show cause why he should not lose his citizenship.

GREENCASTLE MAN REMAINS AS CHAIRMAN OF ILLINOIS CENTRAL DIRECTORS

ROSE FROM THE RANKS

Was First Man To Reach From Bottom, Succeeded By Another Veteran

Announcement was made at Chicago, yesterday, of the retirement of Lawrence A. Downs, a former Greencastle boy, from the presidency of the Illinois Central Railroad System. He remains chairman of the board of directors.

Mr. Downs is succeeded in the presidency by J. L. Bevans, who is the second man to rise to that position from the ranks of the railroad's employees, Mr. Downs being the first. He began working for the Illinois Central as messenger in the local freight office at New Orleans, La., 39 years ago.

The career of Mr. Downs has been followed with deep interest by many persons yet residing in Greencastle who knew him as a boy down in the old "South End," of the town, which, by the way, at one time was a very important business area of the city. His father was James Downs, a section foreman on the Vandallia and one of the most likeable of the city has ever had among its residents.

Lawrence Downs was born here. Following graduation from Purdue University, he was employed for a short time on the Vandallia Railroad, now part of the Pennsylvania. In 1896 he joined the engineering corps of the Illinois Central at Chicago.

At the age of 26 he was made roadmaster, in charge of the maintenance of tracks and structures on an operating division. He served nine years as roadmaster at LaSalle, Ill.; Louisville, Ky.; New Orleans, Clinton, Ill., and Chicago. In 1907 he was promoted to assistant chief engineer maintenance of way for the entire system.

In 1920 Mr. Downs was elected vice-president and general manager of the Illinois Central-owned Central of Georgia Railway and moved to Savannah, Ga. In 1924 he succeeded to the presidency of the Central of Georgia Railway and the Ocean Steamship Company of Savannah.

He returned to the parent company on his election to succeed C. H. Markham as president of the Illinois Central System in 1926.

Mr. Downs is a charter member and past president of the American Railway Engineering Association and is president of the Indiana Society of Chicago.

Report In  
Recount Made

JUDGE GILLEN CONFERS WITH ATTORNEYS, RELATIVE TO HEARING DATE

Messrs. S. C. Sayers and Audrid Fleenor today filed their reports in the recount of the votes cast for county commissioner from the second and from the third commissioner's districts, in Putnam county.

The recount of the votes cast in the contest in the election for William H. Eiteljorge, Democratic candidate, and for Wallace H. (Scotty) Spencer, Republican candidate, was set out in one report, and in another report was given the history of the recount of the votes cast for George L. Rice, Democratic candidate, and Ray Vaughan, Republican candidate, for commissioner from the third district.

The recount commissioners certify that Eiteljorge received a total of 5314 votes and that Spencer received 5344 votes, a majority of 30 votes for Spencer.

The commissioners certify, also, that in the Rice-Vaughan contest, each of the two contestants received 5336 votes, a tie between them.

These reports were not signed by L. C. Conrad, Republican member of the recount commission.

The filing of these reports with the clerk of the Circuit Court brought the contest before the court. Judge Gillen called in the attorneys representing the contestants, and conferred with them as to the most acceptable date for the opening of the proceedings before the court.

Judge Gillen set December 20—which is next Tuesday—as the date of the opening of the recount proceedings in court.

Washing Women Clerks Are Ga-Ga About  
Anthony Eden — British Visitor Embarrassed

WASHINGTON, Dec. 15.—(UP)—The heart beat and pulse of hundreds of hundreds of Washington girls returned to normal today with the departure of suave and handsome Anthony Eden.

During his two day visit here government girl clerks made virtually every boy friend in town jealous with their display of adoration for the former British foreign secretary. Police had to restrain them on several occasions.

Senator Burke  
Outlines Plans

SAYS LEGISLATION BY CONGRESS IS DUE FOR A CHANGE

INDIANAPOLIS, Ind., Dec. 15.—(UP)—Sen. Edward R. Burke of Nebraska, who led the fight against Supreme Court reform, last night predicted an end to the federal government's present relief, labor and farm policies.

He spoke before more than 200 members of the Indiana Manufacturers' Association.

In the 1939 session of Congress, Burke said, "there almost certainly will be an abandonment of the Wallace (Henry Wallace, Secretary of Agriculture) idea of restriction of crops." He said congress probably would think along the lines of the McNary-Haugen act with the idea of "guaranteeing the farmers a reasonable profit and give him the privilege of raising what he wants, but to let him take his chances in world markets if he raises more than the domestic market demands."

"We are going to have new farm legislation and not patch up the 1938 law," Burke asserted.

"We are bound to have trouble with relief as long as the last word rests in Washington, so there is one answer. That is decentralization."

He suggested creation of bi-partisan board locally for efficient administration to cut costs and remove relief from politics.

But the relief problem will not be solved, Burke said, until restrictions are removed from industry and expansion permitted which would take men from relief and WPA rolls.

Burke predicted the new Congress would investigate the national labor relations board.

New Program At  
Rotary Meeting

FEATURE OF WEEKLY LUNCHEON WAS SHOWING OF A MOTION PICTURE

At the weekly luncheon meeting of the Rotary club Wednesday afternoon, a moving picture was shown through the courtesy of Ernest Collins and Walter Ballard. It had been prepared under the direction of the National Bituminous Coal Consumers Association and showed the progress that has been made in the handling of coal through the years.

It showed the newest mining methods, much of which was done by machines, as well as the proper handling of coal through the dealers to the consumers. It also showed the proper methods of using coal and showed how modern stoker systems of firing had eliminated dirty basements and made possible recreation rooms as well as dens and rooms for many other uses.

Washington Women Clerks Are Ga-Ga About  
Anthony Eden — British Visitor Embarrassed

WASHINGTON, Dec. 15.—(UP)—The heart beat and pulse of hundreds of hundreds of Washington girls returned to normal today with the departure of suave and handsome Anthony Eden.

During his two day visit here government girl clerks made virtually every boy friend in town jealous with their display of adoration for the former British foreign secretary. Police had to restrain them on several occasions.

After unofficial chats with President Roosevelt and state department officials, Eden left this morning for a visit to Annapolis and Baltimore before returning to New York where he will embark for Great Britain tomorrow.

Eden appeared very much embarrassed by feminine displays of admiration here. He smiled cordially when 300 early risers greeted him at the railroad station Tuesday. After two days, however, he seemed much less pleased.

Wherever he went—the White House, state department, British embassy, and even on the street—crowds of women formed a lane, calling him by name and cheering.

Members of Eden's party said this unblushing display was the most surprising they had encountered in this

country. Mrs. Eden seemed to get a bigger kick out of the reception than her husband.

Not since the visit of the Prince of Wales in 1924 have government girl clerks, society debutantes and other women gone so completely "ga-ga" over a visiting celebrity.

Charles A. Lindbergh, at the height of his popularity after his New York-to-Paris flight, and Howard Hughes, millionaire sportsman who flew around the world, created mere ripples compared to the wave of enthusiastic admiration that engulfed Eden.

On an official visit to the state department, women clerks of all ages deserted their desks and crowded the halls. Some took up vantage places an hour before his arrival.

At the White House several hundred women gathered outside while Eden visited President Roosevelt. The group included 50 girls from a finishing school who virtually revolted to force their demand for a sight of Eden.

What they saw was an immaculately dressed Englishman. He is slender and walks with a slight stoop. He has clear blue eyes and a brown guards mustache, a faint smile that adds pleasantness to his even features.

GARNER ROLE  
IN CONGRESS  
OF INTEREST

VICE PRESIDENT DUE IN CAPITAL FROM TEXAS SATURDAY MORNING

FUTURE ATTITUDE UNKNOWN

Is Friendly To Roosevelt, But Critical Of The Present Spending Policy of Administration

WASHINGTON, Dec. 15.—(UP)—Vice President Garner's imminent return to the capital renewed speculation today whether he will attempt next session to organize conservative Democrats into a legislative economy bloc.

He and Mrs. Garner will arrive Saturday and the vice president soon thereafter will join the parade of legislative leaders to the White House for conferences.

The treasury is expected today to report that spending for this fiscal year has passed \$4,000,000,000. The net deficit already recorded is in excess of \$1,564,000,000, more than twice the sum by which the treasury went into the red in the corresponding period of the previous fiscal year.

By rightfall tonight the national debt will have been increased to approximately \$39,400,000,000 by the borrowing of \$740,000,000 of funds to help pay government costs through March, 1939. Further borrowing probably will be necessary in March. Offsetting the debt and deficit bulge will be the current condition of the treasury cash box. When today's borrowing operations are placed on the books and reported later in the week, Secretary Morgenthau's working balance of spending money will amount almost to \$2,500,000,000.

The vice president has been sharply critical of new deal spending methods although his personal relations with Mr. Roosevelt, in whose cabinet he occupies an unofficial position, have remained friendly. On occasions, however, the veteran from Texas has let go to intimate bitter words of protest against some administration policies. And these hot words quickly circulate in Washington, considerably modifying the effect of a rule self-imposed by Garner that he will not discuss anything in public.

REPAIR SHOP BUSY

Santa Claus' toy repair shop in the city hall has received quite a bit of additional work, following announcement of the facilities the men working there have for making repairs, and the real desire to do the work. Some fine possibilities in the way of wheeled vehicles for children came in, and before long they will emerge from the shop with all breaks repaired, missing parts supplied, and with plenty of ivory, Chinese red, jade green and black paint appearing on them, in stripes, solids and other tasteful designs. Some that have been turned out have more or less extensive exhibits of all four of these colors, but most of them have only one or two. The repair and repaint work is all well done.

NEW JAIL  
PLANS MADE  
BY DIRECTOR

WPA HEAD AT CHICAGO SUGGESTS PLAN THAT MAY RESULT IN BUILDING

BIDS GO TO WPA OFFICE

Hopkins' Aid at Chicago Suggests Going Ahead With Plans By Leaving Off Some Work

The muddled condition of the new jail situation here was cleared somewhat this forenoon, when the office of the PWA regional director, at Chicago, called Gilbert E. Ogles, county auditor, and made a suggestion in the matter which may make it possible for the structure to be built, with the assistance of the PWA grant.

It was suggested that the contract be let with the exception of one part of the work, such as the installation of the jail steel, and that the contract be started, with the exception, before January 1.

The elimination of such a part of the contract would bring the cost of the remaining part of the work, which would be by far the largest part, within the funds available at this time.

The PWA representative informed Mr. Ogles that bids cannot be rejected by the county commissioners in a PWA project, but that the rejection must be by the PWA. The bids received by the county commissioners were not rejected by the commissioners but none was found acceptable. The bids will go to the PWA office for their approval or disapproval.

The county council will meet December 23 and 24 to consider the application of the county commissioners for an additional \$14,000 to be used in the jail and sheriff's residence construction, and that additional fund, if granted, will be used to pay cost of the part of the contract which will have to be omitted in this first letting, because of the lack of enough money to meet even the lowest of the bids, by a little more than \$6,000.

FARM BUREAU MEETING

At No. 10 school house in Madison township, Wednesday evening, the Farm Bureau social meeting was attended by a large company of members, and their families. Mrs. Raymond Wright presided. There was an exchange of gifts, and Washington township representatives gave a play that was very much enjoyed by the audience.

The program consisted of a playlet given by the fourth grade pupils from Washington township and "Snow Flakes" was sung by one of the Washington township pupils. Helen Frost gave a reading and the Reeves brothers and Mr. Thomas furnished a program of music. John Nelson Woods, a pupil of No. 10, played two number on the piano, "Silent Night" and "Stars and Stripes Forever." Ralph Call, the new president, gave a short talk and gave the total membership of the township.

Refreshments of candy and apples were served.

MRS. ROOSEVELT ELECTED

BOSTON, Dec. 15.—(UP)—Mrs. Franklin D. Roosevelt will be elected one of the four directors of the insurance firm of Roosevelt and Sargent next Monday but she will sell no insurance and will not have any financial interest in the company, John Sargent said today.

Mrs. Roosevelt will replace her eldest son, James, and will attend board meetings to protect his interests. James Roosevelt has become a vice president of Samuel Goldwyn Productions, Inc., and will spend most of his time in Hollywood. The insurance company does business in Boston and Chicago.

## STANOLIND GASOLINE

WITH TETRAETHYL LEAD

### HIGHER ANTI-KNOCK LOW PRICE

■ FIFTY YEARS AGO a small oil company first opened its doors. It sold good products. It had a policy of giving people their money's worth. ■ That company now distributes the most popular gasolines and motor oils in the midwest—because constantly it has sought and found ways to make its good products still better, and unfailingly has passed those improvements on to its customers, not at higher prices, but as extra values! ■ Today Standard does it again—this time with an improved STANOLIND, the lowest priced gasoline in its line. ■ Today STANOLIND is a new and better motor fuel—yet at no advance in price! ■ Try this economical new gasoline. See if it doesn't give your car new life and power! ■ Standard Oil Dealers have it.\* Get a tankful today.

\*Available throughout Standard Oil (Indiana) territory except Montana, Colorado, Wyoming, North Dakota and Oklahoma.

Theta Tau Postponed  
Meeting of Delta Theta Tau for this evening has been postponed.

League Held  
League Meeting  
Women's League of the Methodist church held its Christmas meeting Wednesday afternoon. The program for the stage and the arrangement of chairs and lights along with the Christmas decorations made a very pretty setting for the program.

The devotions by Mrs. Clyde E. Wildman were the Christmas story as told by Luke.

Mrs. Annie Lee Detcheon of Crawfordsville gave "The Christmas Story," a very euphonious version of the birth and life of Christ.

Misses Virginia, Helen and Frances Porter with their mother as accompanist sang, "Today There Is Ringing," by F. Melius Christiansen, "Christmas Blessing" by William H. Anderson, and "Virgin's Slumber Song" by Max Reger.

At the social hour, tea and Christmas cookies were served by the members of section four.

B. & P. W. Club Held Annual Christmas Party  
The Business and Professional Women's Club held its annual Christmas party and a dinner Wednesday evening at the College Inn. Following the dinner Miss Ada Moritz, a student in DePauw university read a Christmas story. A short business meeting was also held later in the evening.

### Civil War In Ecuador Expected

**PRESIDENT CALLS OUT ARMY TO BACK UP HIS DEMANDS, BATTLE EXPECTED**

QUITO, Ecuador, Dec. 15.—(UP)—President Aurelio Mosquera Narvaez massed artillery and airplanes today to back up his demand for the immediate surrender of dissident army units fortified on Ichimbia Hill, dominating the capital, under the leadership of left wing political chieftains.

An order for attack was expected at any hour.

Police, carabinieri, and cavalrymen patrolled the streets of the capital, and the presidential palace was heavily guarded. Business was suspended. All telephone, telegraph and radio communication was under a strict censorship.

There were occasional clashes in the streets between patrolling units and groups of left wing political adherents, demonstrating against the dictatorship of the president.

The disaffected troops had refused all demands that they surrender, and in turn demanded that the president revoke a decree dissolving parliament.

Col. Luis Larrea, only recently returned from exile, and Dr. Arizaga Luque, speaker of the assembly, were reported to be leading the troops on Ichimbia Hill, and to be determined on a finish fight.

The crack Yaguachi regiment, named for the city of Yaguachi, was the central element of the revolting force. It was reported that the Atahualpa battalion was supporting it, among others.

Throughout last evening there were vain efforts to effect a compromise between the government and the disaffected elements. When all efforts failed, the government concentrated all loyal elements in the vicinity of the capital, nearly 10,000 feet up in the Andes and almost on the equator, and prepared for a fight.
